

SL - ~~SP1~~ - Physics

boad

As I'm taking you all these crazy things <sup>rather investment</sup> into your mind,

I want to have children, I with a house, I with an airplane

I like myself is going to grow & expand,

A whole Smorgensborg.

Can be sooner, for ex. 10 years,

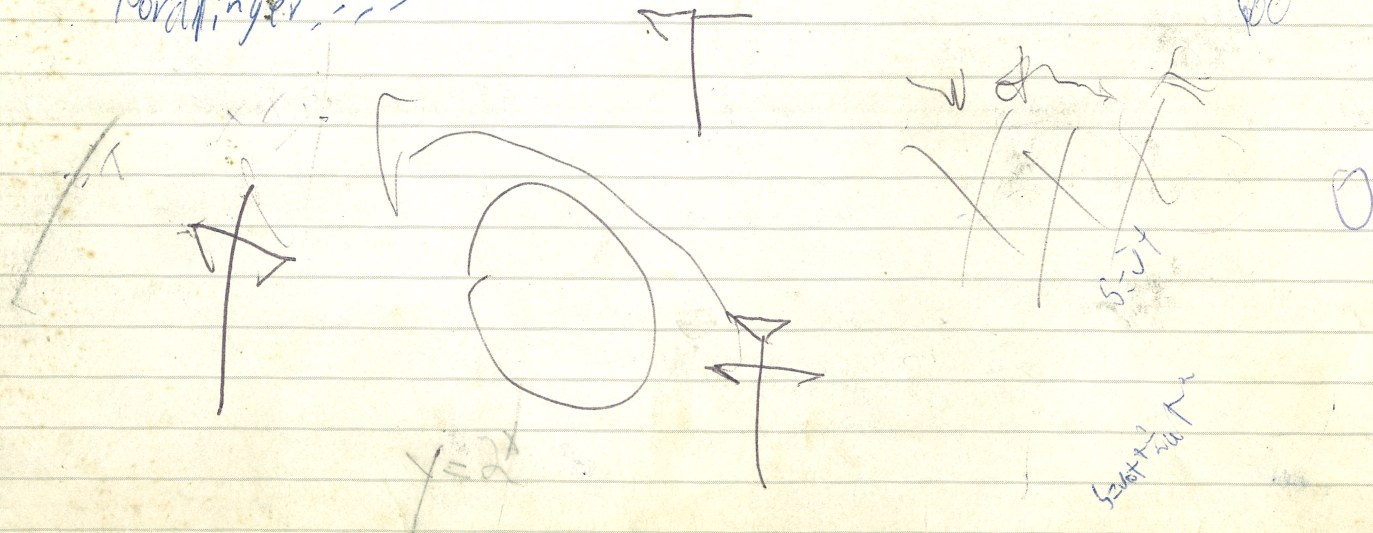

Out of the air comes... everything

You had a little shock?

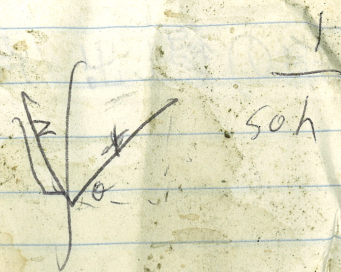

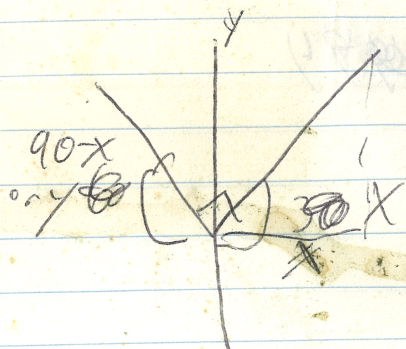

Some people think I'm crazy... or flaky, which I am,

Wardlinger...

White Rose 小指の想い出 / 伊 中がゆり

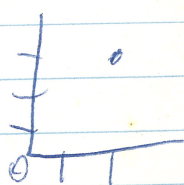

$x, y, z$

$$x = x \cos - z \cos 90$$

$$y = y + \frac{x}{\sin} + \frac{z}{\sin}$$

$$y - x = 1$$

+1 get line

B3. What is an excitation

① None 3 methods 2 excite one

② Why hot material emit light?

319  $E = hf$   $h = 6.6 \times 10^{-34} \text{ J/Sec}$

$$c = f\lambda$$

③ Calc freq of  $E_5$  to  $E_n$

$$27 - 4.5 = 3.2$$

④ What is wavelength of above?
